Policy and Procedure

Wyndham CEC's *Training and Assessment Supervision Policy and Procedure*.

Unqualified trainers are unable to form judgments of competency in assessment.

- Assessment is conducted as outlined in the TAS.
 - Wyndham CEC assesses learner outcomes by collecting evidence about the performance of students and making a judgement on whether the students have met all the required learning outcomes according to the rules of the training package.
 - at Wyndham CEC, evidence is anything that supports the claim that a student has achieved a learning outcome. The TAS and associated delivery documents, outline the types of evidence that can be collected. It lists the rules of evidence - valid, sufficient, authentic and current and details the assessment processes and tools which satisfy the principles of assessment - validity, reliability, flexibility and fairness.
 - to be deemed Competent in a unit of competency, a student must satisfy all assessment criteria for that unit. Each assessment task will be assessed as 'S' (satisfactory) or 'NS' (not satisfactory). After work has been submitted and assessed, teachers are required to provide feedback on assessment results to all students.
 - students should discuss any issues they may have regarding assessment with their trainer and/or the VET Coordinator. A student may formally request a review of an assessment decision following the process described in the *Compliments, Complaints and Appeals Policy & Procedure*.
 - a delay of satisfactory completion can occur if a student misses too many classes or the work presented does not meet requirements in accordance with assessment guidelines for the accredited training package. Staff will work with students who are assessed as Not Yet Competent (NYC) and provide opportunities to satisfactorily complete assessments to achieve a Competent (C) result where possible.
Wyndham CEC has a procedure for *Establishing and Applying Decisions for Satisfactory Completion (including Delay of Satisfactory Completion and Reasonable Adjustment in Assessment)*.
 - Reasonable adjustments in assessment can be made to meet the needs of individual students. This includes factors such as learning styles, physical or intellectual ability, language, literacy and numeracy levels, cultural background or socio-economic factors.
 - Authentication of assessment is the process of ensuring that the work submitted by students has actually been completed by them. Students demonstrate authenticity through regular attendance, by completing class activities and by acknowledging any resources used in their work. Students must not receive undue assistance from any other person in the completion of assessment tasks. This includes copying or plagiarising other work.

Wyndham CEC has a *Plagiarism, Cheating and Collusion Policy and Procedure* which it follows in such instances.

- Validating and moderating the relevance and consistency of assessments and assessment judgements is critical to ensuring the assessments meet the accredited course and training package requirements.
Participation in validation and moderation is a key performance indicator on VET trainer work-plans.

Validation and moderation information will contribute to the review of TAS documents at the end of each program and feedback used in the planning for future programs.

Students can also apply for Recognition of Prior Learning (RPL). Application for CT and RPL should take place during enrolment. See Wyndham CEC's *Special Consideration Policy and Procedure* for full information.
