Policy

Wyndham Community and Education Centre Inc (Wyndham CEC) undertakes to select, enrol and induct students for foundation skills programs with the reasonable expectation that student will be able to successfully undertake the program.

Wyndham CEC will not enrol a student in a foundation skills program that is at an inappropriate level for that student, including but not limited to enrolling a student in programs on the Foundation Skills List that would not provide additional relevant competencies.

No student will be discriminated against on the basis of gender, sexual orientation, race, religion, disability or age in relation to selection or enrolment in a program.

Students enrolling in foundation skills programs may be subject to different processes depending on the funding source of their enrolment, which may include Skills First, AMEP or SEE programs.

This policy covers the following Foundation Skills programs

- English as an Additional Language Framework (EAL Framework): Course in Initial EAL to Certificate IV in EAL (Access, Employment & Further Study)
- Certificates in General Education for Adults (CGEA): Course in Initial CGEA to Certificate III in CGEA

Wyndham CEC uses interpreters if required, and as requested, throughout student selection, enrolment and induction procedures.

The minimum age for enrolment in the above programs is 17 years. In exceptional circumstances a student under 17 may be enrolled, subject to their nominated secondary school completing a *Transition from School* form. The AMEP and SEE program regulations provide some exceptions, however Wyndham CEC intends to enroll students 18 years and above in these programs.

Student selection procedure for new students

- Prospective students can enter a foundation skills program at any stage during the year if a program is scheduled and /or a place is available. Ideally they will enter within a few weeks of the beginning of a term or program.

Wyndham Community and Education Centre Inc Policy and Procedure

- At the point of enquiry, prospective students will be advised by administration staff of eligibility for particular programs and entry requirements.
- Prospective students for foundation skills programs will book an appointment with administration staff to attend a pre-training interview with an authorised staff member.
- A pre-training assessment/review, prior to commencement, is mandatory for all prospective students enrolling in a nationally accredited program. It enables Wyndham CEC and the student to determine that a course is suitable, and the most suitable, training option for the student and to document why.
- The Pre-Training Review must:
 - a) ascertain the individual's aspirations and interests with due consideration of the likely job outcomes from the development of new competencies and skills;
 - b) consider the individual's existing educational attainment and capabilities;
 - c) include consideration of literacy and numeracy skills (AMEP does not require an evaluation of numeracy);
 - d) identify any competencies previously acquired (RPL, recognition of current competency (RCC) or credit transfer), please note Wyndham CEC's *Recognition of Prior Learning (RPL) Policy and Procedure* in relation to foundation skills;
 - e) ascertain that the proposed learning strategies and materials are appropriate for that individual;
 - f) where the proposed learning includes portions delivered online, identify the individual learner's digital capability, including access to necessary technology, and where necessary identify steps to overcome any barriers in this regard;
 - g) document why it was determined that the program is suitable, and the most suitable program for the student to be enrolled in.
- At a pre-training interview, the Pre-Training Assessor will, with reference to the above:
 - For Skills First subsidised enrolments, ensure a member of the Compliance and Reporting team (C&R team) determines student eligibility for subsidised training (Wyndham CEC has a written Procedure for determining eligibility)
 - Introduce the *Foundation Skills Pre-Training Assessment Kit* including
 - the language, literacy and numeracy assessment that maps to the ACSF to ensure the prospective student has suitable language, literacy and numeracy skills to participate in the course.
 - the *Summary Pathway Plan* to assess student needs and future goals
 - this process is not relevant to AMEP & SEE; these programs use a PTA (Initial Assessment) kit provided by the Learning for Employment (LfE) lead agency
 - Identify and document any other learning and support needs: these may include adjustments to training delivery, additional resources, etc.
 - Provide prospective student with *Privacy & Your Rights* flier
 - Provide students with a Statement of Fees before enrolment (not for AMEP & SEE).
