<https://www.education.vic.gov.au/school/teachers/teachingresources/careers/carframe/Pages/taface.aspx>
- online career planning and education
- telephone advice and online help

Students learn about careers and pathways through the course of their general studies, through participation in the community and through work-based learning to develop employability skills.

Wyndham CEC uses The Victorian careers curriculum framework; Careers and Transition Resource Kit, Transforming Career Education, Career Education at TAFE and ACE: my career capabilities on the DE website to develop a career education program for students enrolled in its Senior Secondary Programs.

Child Safe Standards and Workplace Learning

Wyndham CEC is committed to the safety and wellbeing of all children and young people. As per *Ministerial Order 1359-Managing the Risk of Child Abuse in schools and School Boarding Premises*. This order extends to any physical or virtual place made available or authorised by the school governing authority for use by a child during or outside scheduled hours. Wyndham CEC uses, The Education State/Victoria State Government/DE-Child Safe standards and Workplace Learning-A guide for schools. This includes workplace learning environments where students undertake work experience, structured workplace learning or school community work (volunteering).

Wyndham CEC has a Risk Management approach towards to potential child safety risks in workplace learning environments (see Structured Workplace Learning Procedure (Senior Secondary Programs)).

Procedure

Students at Wyndham CEC enrolled in the Senior Secondary Programs undertake Career Education with experienced staff.

Career Education sessions

Career education sessions are provided to all students in Senior Secondary Programs. Wyndham CEC acknowledges that the majority of the students it enrolls, have disengaged from mainstream schools and many have had significantly interrupted schooling. This means that most have not had any strong focus on career development and youth transition previously. For this reason, Wyndham CEC allocates time for all students enrolled Senior Secondary Programs to focus on career education and pathways planning.

Policy and Procedure

Victorian careers curriculum framework

The goals of the Victorian careers curriculum framework are to assist young people to:

- understand and manage influences relating to career planning and lifelong learning
- develop skills, knowledge and capabilities to make career decisions
- apply their learning to achieve educational and career aspirations
- build resilience in their capacity to manage change throughout their lives.

Careers and transition resource kit

The lesson plans and supporting resources in the *Careers and transition resource kit* are designed to assist career educators to deliver quality programs for students.

These lessons are tailored to suit the students within our Senior Secondary Programs. Lessons are organised according to the career development process under the following headings

- Self awareness
- Opportunity awareness
- Decision learning
- Transition planning

Activities are modified and tailored to suit the needs of the learners and local contexts with:

- Koorie young people
- English as a Second Language (EAL) and Culturally and Linguistically Diverse (CALD) young people.

Career education at TAFE and ACE: my career capabilities

Young people in the Learn Local adult community education sector and with VET providers will have a range of starting points for their career planning depending on the extent of their previous career preparation.

Young people with Learn Local and VET providers focus on developing an understanding of their personal characteristics that assist in determining their career goals. They undertake activities that identify the effects of education and training on career opportunities and examine the range of roles that can contribute to positive personal goals.

Young people locate, use and review career and occupational information, explore and understand the use of labour market trends, and the application of problem-solving and

Wyndham Community and Education Centre Inc Policy and Procedure

goal-setting strategies. This contributes to developing the students ability to make and manage their career and life decisions.

In developing their career action plan, young people will focus on the strategic steps to achieving their career goals with emphasis on their financial, individual and lifelong learning needs. These young people should be able to identify and document experiences and activities that demonstrate their skills, knowledge and capabilities. They should be capable of effectively using a range of career resources and be making effective use of their allies to achieve their career goals.

Learn Local and VET career education program includes self-development, career exploration and career management.

Work Experience

Work experience can be organised for students over fifteen on a case-by-case basis. Work Experience allows students the chance to experience an Australian workplace, allows students to gain knowledge and skills in the workplace, explore future career options and encourages maturity, independence and self-confidence.

Any Wyndham CEC students undertaking work experience will complete the *safe@work* program prior to commencing work experience. For students with a disability or special needs, Wyndham CEC will use *A Job Well Done* to support students. Students will need to satisfactorily complete *A Job Well Done* prior to undertaking work experience. The CEO in collaboration with the Senior Secondary Education Manager will determine which OHS program is most appropriate to the individual student.

Wyndham CEC is guided by Ministerial Order 724 Work Experience Arrangements (Non School Providers) or for those students enrolled in their Home School, under the DE VCE Vocational Major Contract and VPC Contract, Ministerial Order 382 Work Experience Arrangement Form (Schools) and takes all practicable and reasonable steps to prepare students for work experience.

Wyndham CEC also uses The Education State/Victoria State Government/DE-Child Safe standards and Workplace Learning-A guide for schools together with Ministerial Order 724 Work Experience Arrangement Forms (Non-School Providers) which is completed and signed by the student, the parent / guardian (students under 18 years of age), the employer and the CEO of Wyndham CEC. For students enrolled in their Home School under the DE VCE Vocational Major Contract and VPC Contract, Wyndham CEC also uses the Ministerial Order 382 Work Experience Arrangement Forms (Schools) which is completed and signed by the student, the parent / guardian (students under 18 years of age), the employer and the Home School Principal for students in the DE VCE Vocational Major Contract and VPC Contract.

Community Work

Students can also undertake voluntary community work. As a community organisation, Wyndham CEC has opportunities for students to undertake a variety of community work at any of Wyndham CEC's venues.

- support student learning and career development
- directly benefit the community

Wyndham CEC uses the *DE Victorian Government School Arrangement Form for School Community Work* which is completed and signed by the student, the parent / guardian (students under 18 years of age), the host organisation and the home-school Principal, for students under the DE VCE Vocational Major Contract and VPC Contract.

Wyndham CEC will use the *Guidance for Students undertaking School Community Work* (Victorian Government Schools) document together with the accompanying resources to refer to and arrange school community work placements to protect the health, safety and welfare of volunteer student workers.

Prior to commencement of school community work, the volunteer student worker will successfully complete an OH&S program recommended by the Department and relevant to the industry in which their school community work is taking place.

- students understand their occupational health and safety responsibilities
- build the knowledge and capacity of the career practitioners and teachers to support these students.

The CEO in collaboration with the Senior Secondary Education Manager will determine which OHS program is most appropriate to the individual student.

School Community Work is not *work experience* or *structured workplace learning*.

It provides context for:

- enhanced skills development
- practical application of industry knowledge
- assessment of units of competency
- achievement of some learning outcomes for VCAL units, and
- enhanced employment opportunities.

Wyndham CEC is guided by Ministerial Order 723 Structured Workplace Learning Arrangements (Non School Providers) or for those students enrolled in the DE VCE Vocational Major Contract and VPC Contract.

Ministerial Order 55 Structured Workplace Learning Arrangements (Schools) - for any structured workplace arrangements for Wyndham CEC students. Wyndham CEC VCAL staff refer to the DET Structured Workplace Learning Manual and The Education State Child Safe standards and Workplace Learning-A guide for schools when developing, coordinating and managing Structured Workplace Learning programs for Wyndham CEC students.

Wyndham CEC also uses Ministerial Order 723 Structured Workplace Learning Arrangement Forms (Non-School Providers) which must be completed and signed by the student, the parent / guardian (students under 18 years of age), the employer and the CEO of Wyndham CEC. - summarises their individual strengths and interests
- suggests related careers paths and study options.

Step three: Career consultant meeting

Wyndham CEC will set up an interview between the student and a career consultant from the Australian Centre for Career Education. They will talk about how to understand Morrisby.

Step four: Career planning

The Senior Secondary Education Manager will notify the student's previous home school and the relevant Department Regional Office if a student under 17 who has been granted an exemption makes any changes to their enrolment, such as disengaging or exiting, changing to part-time, or reducing program hours to below 25 hours per week.

Wyndham CEC will meet the following requirements as stated in the *Training and Skills Higher Education- Enrolling students under 17* fact sheet and reflect the changes onto the initial *Enrolling Students under 17 in a Skills First Program checklist*.

- **Approval is needed to change program or training provider**
An exemption only applies to the specific training provider and program listed on the exemption letter or certificate.

All changes to a student's program, program hours or training provider while under 17, must be formally agreed by the original approver of the exemption – either the school principal or Department's Regional Director. Wyndham CEC will sight and retain this formal approval of changes to the student's exemption before details of their enrolment are updated.

- **Students who want to enrol in a further program**
A student who completes their program, is still under 17, and wants to enrol in another program with Wyndham CEC, the student will need to provide a **new exemption** for the new program. Wyndham CEC should contact the Department's Regional Office for advice on the best way to achieve this new exemption.
- **Students who take longer to complete training**

Wyndham CEC does not need to get further documentation if the student takes longer to complete the training than indicated on the exemption, provided their enrolment remains on a full-time basis of at least 25 hours a week.

- **Students who stop attending or complete training**
Wyndham CEC must notify the relevant Department Regional Office and the student's previous school (if relevant) to advise if a student under 17 stops attending, disengages from, or completes their training. The previous school will support the student by talking to them about alternative pathways to education, training and employment.
